## Directions to The Queens Studio

## By Train

- Take the Number 7 Train (local) to a stop called 46 St. Bliss. At this point the train is elevated. You want to be at the front of the train (this isn't critical but just saves you a block walking).
- When you get off the train, come down the stairs (the front ones are at 47th) and walk under the tracks away from the Sunnyside Arch. Walk directly down the hill on 47th St. for 3 blocks (it will also work if you are on 46th). It will dead-end at my street which is 39th Ave.
- The cross streets as you come down the hill are Queens Blvd. (the train is on this) then 43rd Ave., then Skillman Ave., then 39th Ave. Voila!
- At 39th Ave. make a right and walk 2 block (or 3 as the case may be) to 49th St. You will see Sunnyside Gardens Park. My studio is in the first house after the park, 49-01 39th Ave.
- There is a little gate and sidewalk leading to the basement which is the entrance for the studio.

## By Car

- From Manhattan, take the 59th St. Bridge (the Queensboro Bridge) lower level and stay in the left-hand lane.
- Once you have crossed into Queens, continue straight on in the left-hand lane and follow the signs for 25A or Northern Blvd.
- Eventually you will make a left onto Northern Blvd. at the Eastern end of Queensboro Plaza under the elevated R train tracks.
- Follow Northern Blvd. until you come to 48th Street. At 48th Street, you will see Krinos Foods, The Guitar Center, and Chuck E. Cheese, amongst other buildings.
- Make a right onto 48th Street. Continue slightly up the hill until you reach the stoplight at 39th Avenue.
- Make a left, travel one block and park on the street.
- The Studio is in the first house after Sunnyside Gardens Park in the basement.

I take checks, cash, or money orders and will give you a receipt for your taxes. I have a 24 hour cancellation policy so if you call up until then there will be no charge. After that it is too late for me to re-book so you will be charged as if you attended. I so look forward to working with you.
